

Caution is good—tho' Headstrong still  
Would rather follow his own will.

He could plainly observe a way  
to it, which led through a long  
road, far off to the right; but as  
he found it must take a great deal  
of time to follow this, he resolv-  
ed to take a little crooked path,  
that he doubted not would pre-  
sently bring him to the top of  
the hill. He proposed to enter  
on it immediately, but he soon  
found the difficulties that attend-  
ed his undertaking were much  
greater than he had at first ima-  
gined they would be: many a  
rugged
